To Whom It May Concern:

I would like to take this time to applaud the management staff at Dominion Plaza and Dalfen America. We are a pediatric office that has occupied a space for almost four years. During that time we have had numerous situations that have required the assistance of the management staff, engineering staff and/or the porter staff. Each time, Management could not have responded any quicker. Multiple times I have placed the call and within minutes someone was here to help.

During the past few years we have had to remodel due to expansion. The contractors and management staff were truly accommodating and enabled us to continue to see patients without any great interruptions. Dust was kept to a minimum and noise levels were low (saving the noisier work for the evening)

I would not hesitate to recommend leasing space to any business and would challenge them to find a better environment and more responsive staff. Rhonda, Hilda, Brian and John are very respectful of our needs and never hesitate to help.

Sincerely,

A handwritten signature in black ink that reads "Corinne Shea". The signature is fluid and cursive.
